Kall - Svezia

Finally!! A DREAM COMESTRUE!
A dream, a great desire of many becomes true, to the Artic Polar Circle

a truck waits for us on ice lake that leave all without breath, many curves to make to turn the head and a length of the tracing of approximately 7 Km, simply magnificent!

Snowsafari trough lakes, hills and lunar landscapes, abtained tracks in the snow wide like roads, with a total length of approximately 60 Km and pauses in stretch for a hot tea, dipped from hush absolute one.

The night will be still more fascinating and moving the eyes turn over to the sky bewitched to admire the spectacular flares of Aurora Borealis!

A vacation of great fascination that will remain for all the rest of the life.
